

The diagram shows a rectangular layout for a finished product. It features a central blue square representing the finished size (4.75x4.75 inches). This square is surrounded by a larger blue square representing the area with bleed (4.875x14.375 inches). Two vertical green lines are positioned on either side of the central square, indicating where the job will be folded. A horizontal black line with arrows at both ends passes through the center of the layout, representing the safety line. A red line is also present, which is the cut line. Arrows point from the text labels to their respective lines in the diagram.

RED LINE IS THE CUT LINE

THIS IS WHERE THE FINISHED
PRODUCT WILL BE CUT

BLUE LINE IS THE SAFETY LINE

ANYTHING THAT IS NOT GETTING CUT
MUST BE INSIDE THIS BLUE LINE

FINISHED SIZE- 4.75X4.75

WITH BLEED- 4.875X14.375

GREEN LINES ARE THE FOLD LINES

THIS IS WHERE THE JOB WILL
BE FOLDED
